Welcome back and welcome to new families for 2016

Welcome Kindergarten
Principal's Message

Welcome 2016 and upcoming events for families
Welcome back. A special welcome to the many new families who have joined our school community. A common remark about our school is the level of friendliness of both children and adults. We hope the school supports the creation of community.

We hope you take the opportunity to meet other families by attending some of the events that occur over the year. Some upcoming events are:
* the Y11 Parent Information Night which will be followed by a Y11/12 Parent Briefing about the Elevate study skills program we run with our senior students (Wednesday 10 February)
* P&C Meeting (Wednesday 24 March 6pm)
* Y7 Parent Progress Meeting (Tuesday 1 March)
* Primary Parent Cuppa and Cake Catch Up (Wednesday 9 March)
* Our first Wadalba Markets run by our P&C (Sunday 13 March 10am-3pm).

Congratulations Year 12 2015
Congratulations to our 2015 Year 12 students as they embark on the next stage in their lifelong learning. It is great to see the variety of university offers covering a broad range of areas such as nursing, mathematics, science, criminology, social sciences, biotechnology, economics, arts, communication, business, teaching, sports science and management-including several who have been admitted into honours programs. We will be following up with all students to find out more about their diverse pathways but wish them well.
Introductions and welcome of new staff

We welcome new staff who join the team: Ms Bennett (Primary); Ms Hindmarch (Primary); Ms Rumpler (PDHPE); Mr Benham (PDHPE); Ms Hodges (PDHPE); Ms Woods (HSIE); Ms Kasmar (HSIE); Mr Farah (Learning Choices), Ms Elrick (Learning Choices).

Best wishes for 2016.

J McGrath
Principal

Deputy Principal Report

Welcome back to 2016. The year has started well with students returning rested and fresh ready for a new year at school. The students are looking good in their uniforms, let’s keep this reflection of pride in the school ongoing at the terms progresses. Thank you to parents for supporting us in ensuring that students are leaving home dressed appropriately for the school day.

BUSES - OPAL card have been issued to students who catch buses. Any student who was absent then this occurred; please go to the student counter at the office to pick up their OPAL card. Students should ensure that they are responsibly making their way to the buses promptly and assisting any of our new students to find their way.

Likewise any student who did not collect their school report at the end of 2015, reports are waiting for you at the office.

Upcoming high school events include:

10/2/16 – Year 11 Parent Information Session and Yr 11 and 12 ELEVATE presentation – 5.30pm – 7.30pm

10/2/16 - School Photos

19/2/16 - Swimming carnival – remember to dress in school colours

These are important events on our Term 1 school calendar that we hope are well supported by students and staff.

A reminder of the the Deputy Principals responsible for year groups:

Mr Glachan – Years 7 and 10
Mrs Burge – Years 8 and 11
Mrs Harris – Years 9 and 12

I wish you all a great upcoming school term.

**Mrs Burge**  
**Deputy Principal**

---

**Middle School News**

Dear Parents and Caregivers,

My Name is Mrs Beverly Partridge and I am the Head Teacher Teaching and Learning responsible for Middle School. The purpose of this article is to keep you informed about what we do at Wadalba Community School (WCS).

**Curriculum Overview**
The primary purpose of Middle School is to support students in their transition from primary to high school by catering to the needs of students in early adolescence. The transition from primary to high school is one of the biggest challenges young adolescents face and we are dedicated to supporting students with this change through our highly successful Middle School program.

In mainstream Middle School we teach an integrated curriculum where subjects are combined into strands. This enhances the relevance of the learning by enabling students to see connections and linkages between subjects. If students’ can see the relevance of what they are learning, they are much more engaged. The strands taught in mainstream Middle School are Humanities (English, Geography and History) and Measuring Physical Space (MPS) (Maths, PDHPE and Science).

In the academic Middle School classes each subject is taught separately, however, teachers work collaboratively on integrated projects across subject areas.

**Year 7 Advisor – Mr James Huff**
Our Year 7 classes were structured with two academic classes and six mixed ability classes. These academic classes were formed by a combination of results received from Primary Schools and scores in the High School Admission test conducted at Wadalba last year. Students who consistently perform well have the opportunity to gain a spot in these classes.

**Classroom Management**
Our rules at Wadalba Community School are reinforced in the classroom-

- Show and Earn **RESPECT**
Part of my role as the Middle School Head Teacher is to deal with students who are persistently failing to comply with instructions, consistently cause distractions in the classroom and prevent the teacher from educating others. We will not accept or tolerate this behaviour. I will notify you if your child is not complying with school rules and procedures to seek your support in motivating your child to get back on track.

**Measuring Physical Space (MPS)**
The focus across each KLA involved with MPS this term is based on the essential skills required to gain a basic understanding of all aspects across the Science, Mathematics and PDHPE KLA’s.

**Mathematics** classes will focus on Computations with Positive Integers, Angles and Positive and Negative Integers

**PDHPE Theory** classes will be focusing on Sportsmanship and Anti-bullying by encouraging positive experiences and relationships for students in competitive and non-competitive situations. **Practical:** Minor games to improve gross motor skills, sportsmanship, athletics and cross country running. It is compulsory for students to bring their sports uniform to school during PE Practical lessons and a hat is recommended.

**Science** classes will look at- Separating Mixtures. They learn how to separate mixtures using appropriate equipment and safe procedures whilst demonstrating an understanding of the differences in everyday material. It is compulsory that all students have fully enclosed shoes with solid uppers to participate in practical lessons in Science Laboratories.

**Humanities**
The topics in Humanities this term are “A hero’s Journey” for the English component and “What is Geography” for the geography component. In first Semester students study English and geography while in second semester they study English and history.

Lessons are developed to incorporate the outcomes of the English, History and Geography syllabus in an effort to enhance student comprehension of concepts and skills required for success in these courses.

The development of students’ reading, comprehension and vocabulary skills is viewed as an important requirement of the Humanities course and this topic builds upon these skills. It is expected that all students will read the novel that has been set as part of this term’s unit of study

**Homework**
Homework is set by each teacher at their discretion. It can range from set tasks to completion of activities which were not completed in class. Students in Year 7 should be reading for at least 20 minutes a night. To assist with numeracy rehearsing times tables up to 12 will help students with the concepts being taught in Maths. We encourage students to use their diaries so we can use this as a form of communication to allow parents to see what is happening with regards to homework
and behaviour. We would appreciate if parents and carers supported us in this area to reinforce the line of communication between homes and the school.

**Year 7 Camp**
All students who have displayed satisfactory behaviour will be given the opportunity to participate in a three day Outdoor Adventure Camp in Morisset during Term 2.

**Contact with the School**
If you have any concerns about the welfare of your child or would like to talk to one of your child’s teachers the Year Advisor Mr Huff is the person you need to contact. For any discipline concerns you can contact me, Mrs Beverly Partridge.

Information about what is happening at is regularly updated on our school website: [http://www.wadalba-c.schools.nsw.edu.au](http://www.wadalba-c.schools.nsw.edu.au)

*Kind regards*

*Mrs Beverly Partridge*

*Head Teacher – Teaching and Learning*
The simplest way
...to encourage healthy eating.

If you’ve got a fussy eater in the family, a behaviour reward chart can be a great way to get them eating and enjoying new foods and more fruit and veg.

Praise from parents or the offer of small rewards is a great motivator for many children.

A behaviour reward chart can work wonders too. Remember to decide on rewards and goals in advance and keep them realistic and motivating.

Want more great tips and strategies to overcome fussy eating? Register for a Fruit & Veg Sense workshop online: eatittobeatit.com.au

Find this chart and others online too.

For more information visit www.eatittobeatit.com.au or join us at facebook.com/eatittobeatit

The simplest way
...to bake a healthy lunch box treat.

Homemade muffins are a great way to add a fruit or veg-filled treat to lunch boxes.

Apple and date muffins

Ingredients: 3 apples, chopped; 1 cup boiling water; 200g dates, chopped; 50g butter; 2/3 cup brown sugar; 2 tbsps mixed spice; 1 egg; 1 tsp baking soda; 1 tsp baking powder; 2 cups wholemeal flour.

Method: Preheat oven (180°C). Chop apples and dates. Add boiling water, butter and sugar. Mix until butter melts and sugar dissolves. Add spice and allow to cool. When mixture is warm, not hot, add spice and egg. Mix well. Add baking soda, baking powder and flour. Mix, but do not over beat. If mixture is too dry, add a little milk. Spoon into the prepared muffin tin. Bake for about 15 minutes.

For more information visit www.eatittobeatit.com.au or join us at facebook.com/eatittobeatit

The simplest way
...to keep lunch foods fresh.

Food packed at home in the lunch box needs to stay fresh and safe to eat at school.

Meat, fish, poultry, eggs, noodles, rice, pasta, custard, yoghurt, cheese and milk need to be kept very cold to prevent food poisoning.

Pack lunches in a cooler bag with a cold brick.

Freeze items such as sandwiches, milk poppers, yoghurt, custard tubs, muffins, or fruit segments to pack on hot days.

For more information visit www.eatittobeatit.com.au or join us at facebook.com/eatittobeatit

The simplest way
...to save time packing lunches.

We know parents are eager to pack healthy, nutritious lunches.

But doing it five times a week, and getting the kids keen on healthy options such as fruit and vegetables, can feel like a chore.

Plan ahead to get organised and save time:
- Make sandwiches at the beginning of the week and freeze, then add fresh salad on the day.
- Cook extra at dinner and use leftovers for lunches - baked veg, stir fry, pasta and rice work well.
- Chop up sticks of carrot, capsicum, celery or cucumber and store in a container in the fridge until ready to use.
- Let the kids help prepare and select, saving you time and getting them interested.

For more information visit www.eatittobeatit.com.au or join us at facebook.com/eatittobeatit
**Nutrition Snippet**

**The simplest way**

...to serve dinner in a flash.

A stir fry is a quick and easy dinner, perfect on school nights for busy families. And it includes a range of colourful, healthy vegetables.

Pick and choose your favourite combination of sliced fresh veg – capsicum, zucchini, sugar snap peas, green beans, bok choy, celery, mushroom, onion, carrot and cabbage work well. Go vegetarian, or add sliced lean chicken, pork or beef.

Mix 2 tsp reduced salt soy sauce, 1 tsp honey, 3 tbsp water and 2 tsp cornflour in a jug for the sauce.

Prepare noodles according to packet directions.

Cook veg in a hot pan or wok, add sauce and stir to thicken. Remove from heat and serve over noodles.

For more information visit www.eatittobeauti.com.au or join us at facebook.com/eatittobeauti

**SunSmart Snippet**

**The simplest way**

...to protect your skin.

Did you know? Sun exposure during the first 15 years of life significantly increases your chance of getting skin cancer later in life.

Be SunSmart

Always protect your skin when UV levels are 3 and above.

- **Slip** on clothing that covers your shoulders, arms and legs.
- **Slop** on SPF 30+ or higher broad spectrum water-resistant sunscreen.
- **Slap** on a broad brimmed, bucket or legionnaire hat that protects your face, ears and neck.
- **Seek** shade however you can, especially in the middle of the day.
- **Slide** on sunglasses that meet Australian Standard (AS1067).

To help keep your kids safe in the sun, check your school SunSmart display by hovering over www.sunsafeandsmart.com.au.

RAP-P
Resourceful Adolescent Program for Parents
1 day workshop

Being a parent of a pre-teen or teenager is enjoyable, challenging and demanding!

It is a time of big challenges as our children are starting the move from being children to becoming adults.

They may face challenges like:
- Learning to be independent while still feeling the security of home
- Becoming their own person and feeling good about themselves.

To help support you and your teen with these and other challenges that you may encounter as a parent, RAPT (Reconnecting Adolescents and Parents Team) and Evolution Youth Service present:-

RAP-P
A program for parents of teenage and pre-teenage children which is designed to help parents help their children get through their teenage years safely and happily.

RAP-P will help me:
- Help my teenager to develop healthy self-esteem
- To gain independence while still feeling safe and part of the family
- Manage my stress so I can do my best job as a parent
- Prevent and manage conflict with my teen
- Promote harmony in my family.

WHEN: Thursday 10 March, 2016
TIME: 9:30am – 2:30pm (Lunch will be provided)
WHERE: Evolution Youth Service, 2 Ross Street Woy Woy
RSVP: Ph 131423681 by Friday 4 March.

*Spaces are limited.

Wadalba Community School
Canteen Online Ordering System

- Order quickly from home or work
- No searching for cash required
  pre-paid online!
- Faster and more accurate
- Order at a time convenient to you
  on the day, prior to 9.00am, or weeks in
  advance!
- Guaranteed every order is received at canteen

We are now using a great new online ordering system called FlexiSchools
(www.flexischools.com.au) to make the processing of recess & lunch orders easier
for parents and canteen staff. So get online and save time!

How Does it Work?
1) Go to www.flexischools.com.au
2) Click “Register Now” and enter your email address
3) Complete the online registration and add funds to your account via credit card
4) Log in at any time and place your lunch orders

As purchases are made, the funds are taken from your pre-paid account. The account can
be topped up again in the same way, or set to automatically top-up when it falls below a pre-set
minimum. Each order is sent automatically to the canteen, where an easy-to-read label is produced
with the child’s name, class and order details. This ensures each order is prepared and delivered
accurately to your child.

What Does it Cost?
The online menu is the same price as the usual menu. However, there is a 25c fee for the
online orders to help pay for the labels and the website system.

More Info?
If you get stuck or have any questions, just call FlexiSchools on 1300 361 769.
