Wow! Term 2 has disappeared so quickly!

This Term we have been looking at ‘What’s Alive’.

We had a terrific day at Taronga Zoo with Kindergarten and Year 2. We saw lots of interesting animals and admired a beautiful view of Sydney Harbour. This term we have been focusing on Information Reports and have written interesting facts on animals including Tigers, Elephants, Zebras, Birds, Koalas and Pandas.
Every second Tuesday we have been visiting our school farm with Mr Drury. We have seen the steers being fed, chickens laying eggs, fish swimming in tanks, vegetables growing and different types of sheep running in their paddock! We are very lucky to have our fantastic farm at school!

Our School Public Speaking Competition allowed everyone in 1D to present a talk on a topic of their choice. Four students were lucky enough to compete in the Stage 1 competition in front of K-2 and spoke incredibly well!
We celebrated NAIDOC week in week 9, read some very interesting dreamtime stories and created some terrific artworks including hand prints and foot prints, flags and birds.

What an amazing first semester we have had in 1D. We are looking forward to the second half of the year!
