Term 2 Report 5/6A

Another term has just flown by. Again, we have been busy and haven’t really noticed how much we’ve done.

Year 5 did NAPLAN. That seems like ages ago. They didn’t seem to mind too much. While they were doing that, Year 6 went to Laycock Street Theatre to see James and the Giant Peach. Reports back were that it was pretty good.

Some of us continued with the Science group with Mr Harris. We love it and so does Mr Harris. We haven’t blown anything up yet so that’s a good thing!

Mr Watson has been coming down to do extra Maths with some of us and that’s great. He does different stuff and he makes us think about how we solved the problems. Sometimes they are hard but that’s the idea – to make us think more.

We had the school Cross Country and Jessica and Olivia made it through to Region.
Jessica did really well but unfortunately Olivia was sick on the day so didn’t go.

Congratulations, Girls!!!

We’ve done some great art this term related to our HSIE unit on Mega Structures. Did you know that the tallest building in the world is Burj Khalifa in Dubai at 829.84 m?

Miss Miller and Mrs da Silva spent time as student teachers on our class. Can’t wait for them to come back to Wadalba as casuals! With Ms Miller, we wrote letters to kids at a school in India. Ms Miller goes there to teach so we sent letters to the kids. It will be good when we get some letters back. Mrs da Silva did some good stuff too! We did lots of cool maths games.

We’ve worked hard this term and it’s been cold. So we’re all looking forward to a break so we can come back to more great things in Term 3! Till then...!
