We have been learning our sounds and sight words over the term and have been working hard in our literacy groups. It is important that we continue to do our reading at home and get adults to point out various signs and print in the environment. Our writing has also taken off and many of us can write a sentence using many of our sight words. Next term we will have to prepare a speech for our Public Speaking Competition.

Sport in Schools

Each Friday the SISA van would bring really fun sports equipment for us to use. Our gross motor skills have improved and we have used some pretty cool sport’s equipment that we wouldn’t have otherwise had the chance to use. At the end of each lesson we have talked about various health and safety tips.

ASSEMBLY

Thank you parents, families & friends for attending our first assembly. We enjoyed speaking on the microphone and using the tapping sticks.

English

We have been learning our sounds and sight words over the term and have been working hard in our literacy groups. It is important that we continue to do our reading at home and get adults to point out various signs and print in the environment. Our writing has also taken off and many of us can write a sentence using many of our sight words. Next term we will have to prepare a speech for our Public Speaking Competition.
On Wednesday 10\textsuperscript{th} April a very exciting event took place at WCS. All the children in K-2 dressed up as their favourite Letterland character. Over the fun filled day, the students paraded around the COLA area in front of some proud parents. After the parade the students rotated through 5 classroom craft activities in each of the K-2 classroom. To finish the day the students got to relax and watch their favourite characters in a Letterland DVD. A big thank you to all the families for getting the amazing costumes together for the day. Your children certainly had a ball!
Maths

This term we have been learning about whole numbers and counting forwards and backwards from a given number. We have made repeating patterns with counters, blocks and other concrete materials. Each Tuesday, we go to our CMIT groups and rotate through number activities.

Shave For a Cure

On Friday 15th March, WCS raised money for ‘Shave for a Cure’. One of the main events of the day was to be drawn out of the raffle to get the chance to shave Mr McLachlan’s head. Matilda was a lucky winner of the raffle and showed much delight in shaving off some of Mr McLachlan’s locks!
