K/1S Term 2 Report

We have had a wonderful second term! This term we have enjoyed coming back to school after the holidays, as well as introducing a new teacher to our class. We were lucky enough to have two teachers for half of the term. Miss Kennedy taught us some great stuff and we are excited to have her back in Term 3 with Ms Sanday. Here are some highlights from our term.

TV and Me

We have been learning a lot of fun stuff about TV this term! We have learnt about ads, ratings and lots of different programs that are suited to adults and children. Here are some drawings of our favourite TV shows.

Governor’s Visit

Our class was lucky enough to be the only class in the whole Primary to be visited by Her Excellency, the Governor of New South Wales. She came in and watched us do Literacy, and even gave us a great present. We will use this present in our learning later in the year!
Athletics Carnival

During Week 8 we had our Athletics Carnival! It was the first time our Kindergarten students have participated in an athletics carnival and the second for most of our Year Ones. It was a lovely day, with beautiful weather. We enjoyed participating in the running races first and then after recess the novelty events on the basketball courts. It was a great day!

Weird Science

Our ‘Weird Science’ unit during the second half of this term has been great fun! We have been doing experiments and learning how to become scientists! Balancing cubes, floating and sinking objects, making origami boats and even making our own guitars has been so enjoyable for everybody.

3D Objects

Learning about 3D objects has been really fun! We now know heaps of things in our environment that are 3D objects and the shapes of their faces. We also learnt why these objects roll and slide!
The Excursion

To help us with our learning of ‘Weird Science’ we went all the way to Newcastle to visit the Newcastle Museum and Fort Scratchley near Nobby’s Beach. It was a really fun day. We got to see a lot of cool stuff and play at the museum! When we were at Fort Scratchley we were lucky enough to see a whale!

Our Assembly and Item

In Week 8 we got to run our second assembly for the year and perform our dance ‘The Continental Drift’. This is a dance that we have been learning in class and it is a lot of fun! We spoke so well on assembly, making our teachers and friends so proud!
NAIDOC Week

NAIDOC week was during the last week of school and on Wednesday we got to do a lot of fun activities. We made dot and line art works, read dreamtime stories, learnt about traditions and even got to play some Indigenous games!

Library with Mrs Crowther

Library has been great fun this term with Mrs Crowther and we have been reading a lot of books. We read the story 'King Pig' and it taught us the importance of treating people the right way. We also got to make some cotton wool sheep in class for our Book Week display, which will be based on King Pig and his sheep subjects.

Healthy Living with Mrs Farrelly

With Mrs Farrelly this term we have been learning a lot about healthy living, including healthy foods and the importance of staying active. This is important for us to know so we can grow up big and strong!

Thank you for reading! We hope you enjoyed our term as much as we did 😊
